Interim Management Statement

11 March 2009

In today's Interim Management Statement the Directors of Stewart & Wight plc announce an update on trading as follows:

1. The property market continues to suffer in the light of the current economic environment. However, rents for the quarter ending 25 March 2009 were received from all our tenants and the company continues to benefit from a reduction in interest rates.
2. The company will undertake a professional valuation of its property portfolio as at 31 March 2009 and will report the results in June 2009.
